Achievements

South West College's 1st Hackathon

Dungannon

WINNER

July 2017

- The first of its kind event ran by the South West College.
- This was a collaboration between the engineering company AECOM and the charity WaterAid.
- A contest of over 10 teams with various abilities.
- Our 3 person team created a concept and presentation for a mobile application to help survey the homes of the 3rd world country Nicaragua.
- This concept was accepted by AECOM and will be built and presented to WaterAid later this year.

University Of Manchester Mathematics Society

Manchester

VICE PRESIDENT

September 2014 - July 2015

- Handling and negotiating of sponsorships and collaborations worth in excess of £1,500.
- Accessing and implementing a database and emailing platform worth £13,000.
- Addressing lack of participation in society, leading to increased direct membership by 4,546%.
- Planning, organising and advertising events benefiting students academically, socially and professionally.
- Attendances to events range from 40-230.

Work Experience

South West College

Enniskillen and Omagh

MATHS LECTURER

October 2017 - Present

- Working as Part of a Cross Campus Team.
- Lecturing Entry Level and GCSE standard mathematics.
- Structuring weekly notes and lectures to accommodate different levels of skill and background.
- Attending regular team meetings to discuss progress, identify potential roadblocks and working together to pre-emptively address them.

Hassard McClements Limited Chartered Accountants, Registered Auditors

Enniskillen

TRAINEE ACCOUNTANT AND ADMINISTRATOR

January 2016 - Present

- Preparing & analysing year-end accounts & completing various VAT assignments, largely from source records.
- Developed and implemented an archiving database to efficiently sort and store client documents.
- Fluent in using SAGE accounts software for income & expenditure, profit & loss and balance sheet production.
- Communicating with Clients via letters and e-mail, occasional face to face discussions.
- Regularly recording my billable time and handling physical client records.

Champions Life Academy

Essex, Southampton, London

CHARITY FUNDRAISER AND SENIOR SALES PERSON

Easter and Summer 2015

- An internship performing door to door fundraising with two charity groups.
- This involved averaging over 50 hours during a working week.
- Visiting potential donors, presenting the charity and answering any questions.
- As part of a team we set weekly targets and commitments.
- I conducted regional training during the later stages of the program.
- Individually succeeding in raising a projected £50,000 worth of charitable donations. Helping become the most successful team in our region.

Grant Thornton UK LLP, Insolvency Department

Belfast

ADMINISTRATOR

Summers 2011, 2012, 2013

- Working in their Recovery & Reorganisation department; for the advisory team, the creditor analysis team and the review team, I engaged thoroughly in the voluntary arrangement process.
- Generating weekly reports and liaising with management.
- Answering queries and addressing issues with contacts via phone and email.

Education

South West College

Enniskillen

ULSTER UNIVERSITY FdSc IN COMPUTING

September 2016 - May 2018

- Developing real world working knowledge of computer systems, databases, hardware and software. With the aspiration to achieve full time employment.
- 1st year modules include software programming with Java, Object Oriented Programming in C#, System analysis and design, databases, computer mathematics, computer technologies and personal development.
- 2nd year modules include Computer Networks, Software Testing and administration, Web Design and Mobile Application Development.

University of Manchester

Manchester

BSc (HONS) MATHEMATICS AND STATISTICS

September 2012 - June 2015

- Completed 32 modules which developed my analytical and statistical computing skills.
- Practical Statistics, Coding Theory and Martingales with Applications to Finance were some of my modules in my Final Year.
- The undertaken modules benefited my historical, practical and theoretical knowledge of mathematics.
- I particularly enjoyed working with real world problems and computer analysis of statistics.
